

Flexible high-utilisation rollers with compaction control.

2.5 t articulated tandem roller

BOMAG 2.5 t articulated tandem roller.

BOMAG BW 100 and BW 120 – these new high-utility models feature low operating costs, superb performance and high comfort levels for the operator. For the first time in this roller class a system for continuous compaction control is available: the BOMAG ECONOMIZER.

Outstanding ergonomics developed in conjunction with experienced roller drivers

- ◆ Operator platform with top operating, seated and driving comfort as well as generous space
- ◆ Operating comfort – travel lever on both sides with armrests (optional)
- ◆ Seated comfort – the driver's seat can be shifted sideways (optional)
- ◆ Driving comfort – the quietest machine with the lowest hand/arm vibrations in its class

Maximum safety

- ◆ Seat contact switch, emergency stop
- ◆ A choice of reverse travel warning systems (optional)
- ◆ High stability, anti-tip feature; safe transverse tilt up to 30°

Legendary quality

- ◆ BOMAG standard quality of all machine components for extended long-term availability
- ◆ High impact-resistant plastic hood
- ◆ Robust controls
- ◆ Cable protection with tied wiring looms
- ◆ Proven Kubota diesel engine and highest quality hydraulics

Reduced ownership costs

- ◆ Super-low diesel consumption: 35 l tank lasts 12 operating hours
- ◆ Unbeatable resale values

Fleet management using BOMAG TELEMATIC.

Edge cutter and roller for clean edges.

Easy and safe to operate.

Options and accessories

- ◆ Chip spreader, sun roof with weather protection, optional lighting and much more
- ◆ Edge cutter and roller for either side

Extended utilisation

- ◆ Flexibility for asphalt, granular and earthwork materials with tandem or combination versions

Proven performance

- ◆ Fully documented supporting site examples on all material types

Easy checks: Air (1), oil (2), water (3) – fast access: time saving.

- ◆ Powerful and manoeuvrable rollers with large diameter drums, 50 mm crabwalk and gradeability up to 35 %
- ◆ No stop-go work: ample 220 l water tank and high capacity 35 l diesel tank

Easy servicing

- ◆ Daily visual inspections replace maintenance work – with quick, simple access
- ◆ The exciter system, articulated joint and steering cylinder are all maintenance-free
- ◆ Extended hydraulic service intervals
- ◆ Simple scheduling and monitoring using BOMAG TELEMATIC

ECONOMIZER – displays compaction status for early detection of soft spots.
